CASE NUMBER: 3:23cr11

CASE NAME: United States of America v. Scott Howard Jenkins

The video files aren't labeled and it's taking a long time to find what we need. Is there a list of how they are organized or some easier way to search them? We'd like subtitles if available too. Can we see the court reporters notes of testimony?

The Court's response to Jury Question #1

1. If available, we will provide a list of the admitted exhibits with the descriptions used by the parties. For now, the audio and video recordings are located at G001-G042.
2. All instructions of the Court are important. However, Instruction 21 provides guidance regarding transcripts for audio and video recordings.
3. At this time, we are not able to provide the court reporter notes or a transcript of testimony. You must rely upon your memory of the testimony of the witness.^{es.}
